### Schedule notes...

Every effort has been made to minimize the impact of trains on traffic, however from time to time scheduled and unscheduled trains use the tunnel and an occasional 15 to 30 minute delay can be expected. Please allow extra time in planning your trip.

Motorcycle helmets must be worn in the tunnel, and convertible vehicles must have the top in place.

It is recommended that tunnel users be in the staging area at least 10 minutes prior to the scheduled opening to help us facilitate their passage.

The chairs are not permitted in the Tunnel.

When Bear Valley temperatures are 32°F and below, the Tunnel will be open for the last 5 minutes of the scheduled opening.

### Whittier at a glance

Most often referred to as the Gateway to Prince William Sound, Whittier has long been known as a jumping off point for enjoying the Sound. But this little sea-side hamlet has more to offer than first appears. This historic and unique town has the fortunate advantage of a spectacular setting which many Alaskans have known about for years.

For a small town Whittier hosts a surprisingly delightful variety of restaurants and shops to explore. You can indulge in fresh seafood picked from the waters of Prince William Sound, or enjoy a gourmet espresso, baked goods or ice cream at any of the charming sea side cafes.

There are plenty of activities to choose from. There are amazing maintained hiking trails in and around Whittier or maybe you'd like to try kayaking. Sea kayaking is popular around Whittier because of the numerous sheltered coves and camping beaches in this western part of the Sound. Nowhere else in Alaska allow you such easy access to such spectacular and protected paddling.

There are numerous companies offering daily fishing charters and sightseeing excursions. If fishing is your interest, choose from either salmon, halibut or fishing for a big adventure you can fish for shark. For sightseeing there are terrific options with two companies departing on set daily departures that visit dozens of tidewater glaciers. For a more intimate expedition you can book with one of the smaller charter companies that cater and customize to your interests and time.

### Whittier at a glance

Whittier has a mild maritime climate with a maximum of 84°F/28.8°C and a minimum of 29°F/-33.8°C. Mean snowfall is 260 inches annually and winter winds can reach 60 miles per hour. Dress for the time of year you plan to visit, but be especially prepared for cool, wet weather. Rain and jackets are essential. Casual and comfortable clothing is the rule. Don't forget a good pair of walking shoes!

Whittier enjoys an old-fashioned 4th of July with a safe community based event. Throughout the day on the 4th there is a community parade, games for the kids, and a free barbecue complete with lemonade and apple pie. All are welcome to join in the festivities!

### Sport fishing

The annual silver salmon run in late August or September is a favorite with anglers. Visitors are welcome to fish in Whittier, but please respect the local community and boat owners by observing the rules. Fishing is allowed in the Whittier Small Boat Harbor in designated areas only, primarily along the inner shoreline. Fishing is prohibited on the harbor floats, boat ramps, from boats in the harbor and the breakwaters. Please check at the Harbor Master's office if you're uncertain where to fish. Snagging hooks are forbidden by order of the Alaska Department of Fish and Game.
